

Postdoctoral Research Fellow Position in Nonlinear Optimization

Institute of Statistical Mathematics, Tokyo, Japan

<https://www.ism.ac.jp>

The Institute of Statistical Mathematics (ISM) invites applications for a fixed-term postdoctoral research fellow position (formal job title: Project Researcher) in **nonlinear optimization** under the supervision of Prof. Ching-pei Lee.

Working conditions

The position will begin on or after **November 1, 2025** (negotiable). The initial contract runs through the end of the fiscal year (March 31, 2026), and is renewable on an annual basis, up to **March 31, 2029**.

Salary is competitive under ISM bylaws, based on qualifications and research ability, and commute allowance is provided. A one-way plane ticket for relocation will be reimbursed.

Qualifications

- A doctoral degree in a relevant field, completed by the time the position begins.
- Demonstrated research capability in nonlinear optimization through your research outcomes.

(Japanese proficiency is not required, and work visa for non-Japanese applicants will be sponsored.)

Application Procedure

Submit CV and contact information for one reference to chingpei@ism.ac.jp with the subject: “Application for Postdoctoral Researcher.”

Application Deadline

Review begins **October 1, 2025**, on a **rolling basis**. Applications will remain open until the position is filled.
