# ISM-ZIB-IMI Joint Workshop on Optimization and Data-intensive High Performance Computing

The Institute of Statistical Mathematics (ISM) concluded agreements for academic and research collaboration separately with the Zuse Institute Berlin (ZIB) and with the Institute of Mathematics for Industry (IMI), Kyushu University, within the 2016 academic year. The ZIB and the IMI also have a similar agreement. Based on these agreements, the ISM, the ZIB and the IMI will hold the first joint workshop in January 2017. The aim of this workshop is to promote joint research activities in the field of applied or statistical mathematics and data-intensive high-performance computing.

## Organizers

- The Institute of Statistical Mathematics (ISM), Japan  
Professor Satoshi Ito
- Zuse Institute Berlin (ZIB), Germany  
Professor Thorsten Koch / Dr. Yuji Shinano
- Institute of Mathematics for Industry (IMI), Kyushu University, Japan  
Professor Katsuki Fujisawa

## Co-organizer

- JST CREST Development of System Software Technologies  
for post-Peta Scale High Performance Computing
